

The Neighbourhood, Noise

[Verse 1]

Sick of being innocent
Sick of being ignorant too
I was in it for the thrill of it
'Til I started feelin' the truth

[Chorus]

Why'd you ever make me choose?
I don't wanna be like you
I thought I knew you but
I never knew you would turn us into animals
I don't wanna be like you

[Verse 2]

Realized I'm living in Hell when I was given the news
Why'd you let the evil win?
How'd you let him sell it to you?
I remember growing up, mama used to sing me the blues
And now the kids are making noise
Just because it's something to do, to do, yeah

[Extended Chorus]

Why'd you ever make me choose?
I don't wanna be like you
I thought I knew you but I never knew
You would turn us into animals
I don't wanna be like you
I don't wanna be like you
I don't wanna be like you

[Outro]

So now I'm second guessin' real life (Ahh)
And if you left I still wouldn't feel right
