

# The Offspring, Dividing By Zero

Oh take me higher all the way to the sun  
Down to the wire fighting's only begun

It's closing in on you, closing in on you  
Run from the fire raining down on you  
It's closing in on you, closing in on you  
Oh, and no way out oh oh

I will persevere, I will resist to hear  
I will interfere  
I'm not the only son, my will will be done  
Omniscient begun

It's closing in on you, closing in on you  
Run from the fire raining down on you  
It's closing in on you, closing in on you  
And no way out

Gonna make it through, gonna make it through  
Divide by zero like a wrecking crew  
Closing in on you, closing in on you oh  
Oh, and no way out oh oh

Oh take me higher all the way to the sun

I will persevere  
I will resist to hear  
I will interfere

It's closing in on you, closing in on you  
Run from the fire raining down on you  
It's closing in on you, closing in on you  
Oh, and no way out oh, oh

Gonna make it through, gonna make it through  
Divide by zero like a wrecking crew  
Closing in on you, closing in on you  
Oh, and no way out oh oh
