

The Pretty Reckless, Burn

Here comes the darkness
It's eating all my soul
Now all of the sparkles
Are out of control
This fire is raging
I can't find the door
I just wanna die here
But you want it more

You want me to burn
Want me to burn
Want me to hurt
And maybe I will finally learn

Here comes the darkness
It's eating all my brain
Now that the light
has driven me insane
This fire is blazing
But i'm still inside
I just wanna die here
You won?t let me out alive

You want me to burn
Want me to burn
Want me to hurt
And maybe I will finally learn
