

# The Pretty Reckless, Sweet Thing

Evil knocking at my door  
Evil making me its whore  
I don't mind if you take what's yours  
But give me mine

Evil wants you to know  
I'm much too young to be old  
I don't mind if you take what's yours  
But give me mine

Hey there little girl  
Come inside I've got some sweet things  
Put your hair in curls  
Paint you up just like a drag queen

I don't mind decay  
You are the knight that saves my day

Hey there little girl  
Come inside don't be afraid  
I'll keep you safe

I'm evil knocking at your door  
I'm evil making you my whore  
I don't mind if you take what's yours  
But give me mine

Hey, where you goin'  
I wasn't through  
I'm gonna have my way with you [x4]

I am like decay  
I rot the ground that guides your way

Hey there little girl  
Come inside I've got some sweet things  
Put your hair in curls  
Paint you up just like a drag queen

How you like me now?  
Did I succeed and make you proud?

Hey there little girl  
Come inside don't be afraid  
I'll keep you safe
