

The Ranch, Just Some Love

(Cyril Rawson and Scott Phelps)

I heard the rumor that we're callin' it off
And we won't last too long
But I got this feelin' when I'm looking at you
Baby,
They couldn't be more wrong
They've been sayin' it's a shaky romance
And they don't give the two of us too much of a chance

(Chorus)

But if the Grand Canyon is just some ditch
Dorothy and Toto fought just some witch
And if Babe Ruth was just a guy with a glove
Then ooh baby this is just some love
Oooh baby this is just some love

I speak my mind baby that's the truth
But you've got a temper too
So when they see us start to fuss and fight
I guess they think we're through
But if they're judgin' us by what they see
Then they don't have a clue about you and me

'Cause if the Rocky Mountains are just some hills
Niagra Falls is just some water spills
And if Humphrey Bogart was just some tough
Then ooh baby this is just some love
Oooh baby this is just some love

(Repeat Chorus)

Oooh baby this is just some love
Oooh baby this is just some love
