

The Rasmus, Can't Stop Me

dying of laughter but you know the answer
who will be the one?
to finally stand up and take a chance
cause life has just begun

and i don't need the TV
i don't need the shotgun
i don't have to run i can reach you
i'll follow the feeling
swallow the meaning
i don't have to run if i need you
i can reach you

CHORUS:

i will do what i feel like
hey, can't stop me now
i will do what i feel like
hey, can't stop me now
i will do what i feel like

i don't need to rule ya
i don't have to fool ya
i've got nothing to prove
i can reach you from here
swallow the shotgun
show you the meaning
i don't wanna deal with the feelings of fear

REPEAT CHORUS

i own my cloud
the only one
i'll be alone
and from now on

i don't need the TV
i don't need the shotgun
hey, i'll do what i feel like
follow the feeling
swallow the meaning
do what i feel like hey
do what i feel like hey
i will do what i feel like
