

The Rasmus, Live Forever

Was it an angel
That knocked on my door
Or was it the wind?
Wasn't I sleeping
Lost in a dream
Or was it you?
Ohhh

We swam in the fountains
Beneath the northern stars
We cried from the laughter
And died in each others arms
Remember and live forever
Remember to live for love

I got back my letters
Ages ago
Your address unknown
I passed a stranger
Who had your eyes
Or was it you?
Ohhh

We ran through the graveyard
To catch the midnight sun
We danced drunk and naked
Until the summer was gone*
Remember and live forever
Remember to live for love
Remember to live for love

To live for love
