

The Rasmus, Still Standing

I wish you were here tonight with me to see the northern lights.
I wish you were here tonight with me.
I wish I could have you by my side tonight, when the sky is burning.
I wish I could have you by my side.

'Cause I've been down and I've been crawling,
Won't back down no more.

Can't you stop the lies
Falling from the skies
Down on me?
I'm still standing.
Can't you roll the dice,
I might be surprised,
Conscience clear,
I'm still standing here.

Burns like a thousand stars, though you are light years away.
Burns like a thousand stars or more.

You're up there, you're always with me,
Smiling down on me.

Can't you stop the lies
Falling from the skies
Down on me?
I'm still standing.
Can't you roll the dice,
I might be surprised,
Conscience clear,
I'm still standing here.

It's something sacred, something so beautiful.
Something quiet to ease the mind
When the pressure's taking me over and over.

'Cause I've been down
And I've been crawling,
Pushed around
And always falling!
You're up there, you're always with me,
Smiling down on me.

Can't you stop the lies
Falling from the skies
Down on me?
I'm still standing.
Can't you roll the dice,
I might be surprised,
Conscience clear,
I'm still standing here.

Can't you stop the lies
Falling from the skies
Down on me,
Still standing?
Can't you roll the dice,
I might be surprised,
Conscience clear,
I'm still standing here.
