

The Rasmus, The Ghost Of Love

I am near you
You don't see me
Can you feel me?
I'm closer than close
Does it hurt?
Does it burn?
Did you know what you've lost?
Are you scared of the dark?
Now that you're gone
All that remains
Is the ghost of love
Deep in my mind
I hear the chains of the ghost of love
You're falling
Down and dirty
You'll be crawling
Lower than low
Can you sleep?
Can you breathe?
When you know what you've done?
Tell me where will you run?
Now that you're gone
All that remains
Is the ghost of love
Deep in my mind
I hear the chains of the ghost of love
You have fallen
Cruel and flawless
And all that you left of me
Is the ghost of love
I'm fading
I'm barely breathing
Can't hold on
I'm dying
I must be bleeding
Won't be long
Now that you're gone
All that remains
Is the ghost of love
Deep in my mind
I hear the chans of the ghost of love
