The Rasmus, Time To Burn

Come on

Fear of the dark tears me apart Wont leave me alone and time keeps running out Just one more life, I'm so sick and tired Of singing the blues, I should turn my life around Come on

Tell me why do I feel this way All my life I've been standing on the borderline Too many bridges burned Too many lies Ive heard Had a life but I cant go back Cant do that, it will never be the same again And I know I dont Have any time to burn Come on

They follow me home, disturbing my sleep But III find a place, A place where they cannot find me Maybe Im lost, and maybe Im scared But too many times Ive closed the doors behind me

Tell me why do I feel this way All my life I've been standing on the borderline Too many bridges burned Too many lies Ive heard Had a life but I cant go back Cant do that, it will never be the same again And I know I dont Have any time to burn

Leave it all behind, Cross the borderline, Face the truth, dont have any time to Have any time to burn

Tell me why do I feel this way All my life I've been standing on the borderline Too many bridges burned Too many lies Ive heard Had a life but I cant go back Cant do that, it will never be the same again Gotta go, cause I know I dont, Have any time to burn

Tell me why do I feel this way All my life I've been standing on the borderline Too many bridges burned Too many lies Ive heard Had a life but I cant go back Cant do that, it will never be the same again And I know I dont Have any time to, Have any time to burn Come on
