

# The Residents, Boo Who?

Now ---- there just is a cow  
Where --- once was a calf  
Now ---- there just is a stare  
Where --- once was a laugh  
Now ---- there just is a bone  
Where --- once was a bath  
Now ---- a tink-er-y toy  
Is ---- an epi-taph  
A smile - would make believe  
That ---- it had a friend  
And ---- tomorrow's name  
Once ---- never would end
