## The Rolling Stones, Congratulations

| Congratulations,congratulationsWe | ell done my friend | , you've done it a | gainYou've gone a | and broke a |
|-----------------------------------|--------------------|--------------------|-------------------|-------------|
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
|                                   |                    |                    |                   |             |
