The Rolling Stones, Rough Justice

One time you were my baby chicken Now you've grown into a fox Once upon a time I was your little rooster

But am I just one of your cocks

It's rough justice on ya

You're going to have to trust me

It's rough justice

But you know I'll never break your heart

So put your lips to my hips, baby And tell me what's on your mind

I know you've still got the animal attraction for me

It's been a long, long time It's rough justice on ya

We never thought it risky

It's rough justice

But you know I'll never break your heart

You're feeling loose and lusty

So if you really want me

Yeah, it's rough justice

And you know I'll never break your heart...Yeah

It's rough justice on ya

You think you really sussed me

It's rough justice

But you know I'll never break your heart

The first time I saw you, baby

You were springing like a young gazelle

And next thing I know, way down the road

You were flying like a bat out of hell

It's rough justice on ya

Your eyes are too disgusted

You're going to have to trust me

But you know I'll never break your heart

I give you my positions

Don't want no oppositions

It's rough justice

But you know I'll never break your heart

Yeah

Come on baby Woo..
