

The Scenic, The Fall

And I've spent more time than I'd like to admit
Just trying to figure what the hell my problem is.
And every day it's always the same old routine.
But I'm starting to think the problems not with me.
So take my hand and close your eyes.
We need a change
We're gonna leave this place behind us.
We said goodbye to city lights,
to all these broken concrete skylines.
Where do we go from here [x2]
We headed west
With all the best intent
But tell me now
Will you still be here?
Will you be here for the fall?
And our lives start today
We're gonna change our names
Cause we're gonna be big.
Oh, I've gotta write my lines.
And I've gotta be on time.
I've only got on chance
And I'm gonna get this right.
Now I need to hear you tell me you'll be there
Because I think I might fall.
And if it's all right
Could you spend the night?
Because I think I miss home
