

# The Script, Science& Faith

Tried to break love to a science  
In an act of pure defiance  
I broke her heart.  
As i pulled apart her theories  
As i watched her growing weary  
I pulled her apart  
Having heavy conversations  
About the furthest constellations of our souls. oh  
We're just trying to find some meaning  
In the things that we believe in  
But we got some ways to go.  
Of all of the things that she's ever said  
She goes and says something that just knocks me dead.

You won't find faith or hope down a telescope  
You won't find heart and soul in the stars  
You can break everything down to chemicals  
But you can't explain a love like ours.

Ooohhhh  
It's the way we feel, yeah this is real  
Ooohhhh  
It's the way we feel, yeah this is real

I tried pushing evolution  
As the obvious conclusion of the start.  
But it was for my own amusement  
Saying love was an illusion of a hopeless heart.  
Of all of the things that she's ever said  
She goes and says something that knocks me dead.

You won't find faith or hope down a telescope  
You won't find heart and soul in the stars  
You can break everything down to chemicals  
But you can't explain a love like ours.

Ooohhhh  
It's the way we feel, yeah this is real.
