

# The Script, Walk Away

I don't know why she's with me  
I only brought her trouble since the day she met me  
If I was her, by now I would have left me  
I would have walked away  
But now I've broken away  
Somehow instead she forgave me  
She said a woman's got to do what she's got to do  
Even if it means she denied herself the truth  
Cause when you're in too deep you wake up when it's too late,  
You've fallen in love in the worst way  
And if you don't go now then you'll stay  
Cause I'll never let you leave, never let you breathe  
Cause if you're looking for heaven, baby it sure as hell ain't me

So walk away  
(walk away)  
Walk away, oh  
Save yourself from the heartache, oh  
Go now before it's too late  
So walk away  
(walk away)  
Walk away, oh  
Save yourself from the heartache, oh  
Go now before it's too late  
But still she stays

She's standing in the heart of darkness  
Saying I know you got a soul even though you're heartless  
How could any woman in their right mind be so blind,  
To find something this safe  
Instead of walking with me she should have walked away

She finds color in the darkest places  
She finds beauty in the saddest of faces  
For such a clued in, headstrong city girl  
Could've had the world but she's fallen in love in the worst way  
And if you don't go now then you'll stay  
Cause I'll never let you leave, never let you breathe  
Cause if you're looking for heaven, baby it sure as hell ain't me

So walk away  
(walk away)  
Walk away, oh  
Save yourself from the heartache, oh  
Go now before it's too late  
So walk away  
(walk away)  
Walk away, oh  
Save yourself from the heartache, oh  
Go now before it's too late  
But still she stays  
(Oh, yeah)  
But still she stays  
(Oh, yeah)

I don't know why she's with me  
I only brought her trouble since the day she met me  
If I was her, by now I would have left me  
I would have walked away

But you've fallen in love in the worst way  
And if you don't go now then you'll stay  
Cause I'll never let you leave, never let you breathe  
Cause if you're looking for heaven, baby it sure as hell ain't me

So walk away  
(walk away)  
Walk away, oh  
Save yourself from the heartache, oh  
Go now before it's too late  
So walk away  
(walk away)  
Walk away, oh  
Save yourself from the heartache, oh  
Go now before it's too late  
But still she stays

(Yeah)  
But still she stays, eh  
I'm saying walk away  
Yeah  
I'm saying walk away  
(Save yourself from the heartache, go now before it's too late)  
But still she stays  
Still she stays  
Yeah, she stays  
She stays
