

The Shirelles, No Doubt About It

No doubt about it, I'm in love & can't do nothin' about it
I can't concentrate on, on nothin' I do
My mind's always, always on you
& my achin' heart's laughin' back the blues
My heart's laughin' back at the blues

No doubt about it, when you skip down the street & shout about it
Oh when you find yourself singin' a summer song
In the pourin' rain, & you walk on
'Cause you walk along unaware of the rain
Singin' a song like a lovebird in spring

Oh I love you, there's no doubt about my love
Oh baby I love you

No doubt about it, I'm in love & love everything about it
Because everything about love is true
All that you love is you & only you
Baby, it's you, only you & only you
Baby, it's you, only you & only you
(applause)
