

# The Smashing Pumpkins, Because You Are

Because you are

I've got the tremor to stay  
Because you are  
I scar the stranger, betrayed  
All of my senses ashamed  
I will deny all that i am afraid  
Lies will disguise  
Rules of time and endgames

Because you are

I chew the rust off my face  
Because you are  
I wipe the stain off my haze  
Because you are  
I am released, born of age  
Because you are  
I stare inside empty faith

I will deny all that I am afraid  
Lies will disguise  
Rules of time and endgames  
Because you are

Because you are  
Because you are  
By choosing...  
Because you are  
Because you are  
Rinse the scars off my skin  
Because you are  
I touch the scars of your skin  
Because you are  
I let the travel begin  
Because you are  
I let the travel begin  
Because you are  
I let the travel begin
