

# The Smashing Pumpkins, Heavy Metal Machine

If I were alive  
If I were real  
Would you survive  
What would you feel  
Heavy metal  
Heavy metal machine  
Heavy metal  
Heavy metal machine  
As sentimental  
As our broken dreams

Let me die for rock n' roll  
Let me die to save my soul  
Let me die let me die  
Rock n' roll  
Let the world forgive the past  
Let all the girls kiss the boys at last  
Let me go let me go  
Rock n' roll  
Heavy metal  
Heavy metal machine  
Heavy metal  
A heavy metal machine  
We're the metal  
In their metal machines  
Heavy metal  
Heavy metal machine

If I were dead  
Would my records sell  
Could you even tel  
Is it just as well  
Heavy metal  
Heavy metal machine  
It's elemental  
To all the rust it brings  
Heavy metal  
Heavy metal machine

Let me die for rock n' roll  
Let me die and save my soul  
Let me go let me go  
Rock n' roll  
Let the world forgive the past  
Let all the girls kiss the boys at last  
Let me go let me go  
Rock n' roll  
Heavy metal  
Heavy metal machine  
Heavy metal  
A heavy metal machine  
We're the metal  
In their droning schemes  
Heavy metal  
Heavy metal machine

Will I survive  
Is it up to me  
Could you understand  
That it's not yours to keep
