

# The Smashing Pumpkins, Soothe

Hungry, hungry again  
Hungry, hungry again  
When will it start to sway  
When will it start to  
almost break you

Hungry, hungry again  
Hungry, hungry again

I'll miss you  
I don't wish you hurt  
I forgive you  
I don't wish you away,  
Away, away

It'll almost break you  
Almost take you  
Almost break you  
Almost break you up
