

The Smile, Free in the Knowledge

Free in the knowledge
One day this will end
Free in the knowledge
Everything is changed

And this is just a bad moment
Here we are fumbling around
We won't get caught like that
Soldiers on our backs
We won't get caught like that

Face using fear
To try to keep to keep control
But when we get together
Well then, who knows

And this is just a bad moment
We are fumbling around
We won't get caught like that
Soldiers on our backs
We won't get caught like that

I talk to the face in the mirror
But he can't get through
I said it's time that you deliver
'Cause we see through you
I talk to the face in the mirror
But he can't get through
Turns out we're in this together
Both me and you
