The Smile, Free in the Knowledge

Free in the knowledge One day this will end Free in the knowledge Everything is changed

And this is just a bad moment Here we are fumbling around We won't get caught like that Soldiers on our backs We won't get caught like that

Face using fear
To try to keep to keep control
But when we get together
Well then, who knows

And this is just a bad moment We are fumbling around We won't get caught like that Soldiers on our backs We won't get caught like that

I talk to the face in the mirror
But he can't get through
I said it's time that you deliver
'Cause we see through you
I talk to the face in the mirror
But he can't get through
Turns out we're in this together
Both me and you
