

The Smile, Open the Floodgates

Don't bore us
Get to the chorus
And open the floodgates
We want the good bits
Without your bullshit
And no heartaches

Someone lead me
Out the darkness
Out the darkness

With no tricks and
No struggling
Then no one gets hurt
We absorb you
We absolve you
Throw your rubbish away

Someone lead me
Out the darkness
Out the darkness
Someone lead me
Out the darkness
Out the darkness
