

The Smile, The Smoke

Easy, easy
It begs me while I'm sleeping
I desire a second chance
I have set myself on fire

It's easy
Don't mess with me
Don't mess with me
As I die in the flames
As I set myself on fire

Uh

(Wakes me from my sleep
Smoke wakes me from
Wakes me from my sleep
Smoke wakes me from)

Yeah, yeah, yeah, yeah
A one true revolution

(Wakes me from my sleep
Smoke wakes me from my sleep
Smoke wakes me)

It's easy to leave me
We should give ourselves another chance
Let go of our troubles
Into our caress
Our caress

And we set ourselves on fire
We set ourselves on fire

(Wakes me from my sleep
Smoke wakes me from
Wakes me from my sleep
Smoke wakes me from
Wakes me from my sleep
Smoke wakes me from my sleep
Smoke wakes me from my sleep)

Yeah
