

# The Smile, The Smoke

Easy, easy  
It begs me while I'm sleeping  
I desire a second chance  
I have set myself on fire

It's easy  
Don't mess with me  
Don't mess with me  
As I die in the flames  
As I set myself on fire

Uh

(Wakes me from my sleep  
Smoke wakes me from  
Wakes me from my sleep  
Smoke wakes me from)

Yeah, yeah, yeah, yeah  
A one true revolution

(Wakes me from my sleep  
Smoke wakes me from my sleep  
Smoke wakes me)

It's easy to leave me  
We should give ourselves another chance  
Let go of our troubles  
Into our caress  
Our caress

And we set ourselves on fire  
We set ourselves on fire

(Wakes me from my sleep  
Smoke wakes me from  
Wakes me from my sleep  
Smoke wakes me from  
Wakes me from my sleep  
Smoke wakes me from my sleep  
Smoke wakes me from my sleep)

Yeah
