

The Starting Line, Angel Without Wings

Looking into your eyes I see all I want to be
and I don't want it to end
if I could only put to words the way I see you
I only know I have an angel with me now

And when I fall asleep you're all that I see
you're in my thoughts and all of my prayers
I wish I mean all that you mean to me
my angel with out wings, my angel

I wish you could see all that you mean to me
but I could never find the words to tell you
and when I fall asleep you're all that I see
you're in my thoughts and all of my prayers
I wish I could mean all that you mean to me

And when I fall asleep you're all that I see
you're in my thoughts and all of my prayers
I wish I could mean all that you mean to me
my angel with out wings
