Out the club about three, to the take-away The shit-in-a-tray merchants, shops got special perchant for the disorderly Geezerz looking ordinary and a few looking leary Chips fly round the sound of the latest chart entry An incendiary waiting to blast No harm with the contest who can throw the furthest Behind the counter they look nervous, but Carry on cutting the finest cuts of chicken from the big spinning stick Then over flies a chip, flips, and hits you on the back You spin round on the attack 'Fuck you playing at? he looks like a cheshire cat, almost falls down Your frowns and superman eye lasers don't even register By now you want to leather this twat And forever your gonna regret that, your choice of path So mash his head up and your girls now fed up But stop to think and it's never gonna be the Jackie Chan scene it could have been to end up

But he's a shady fuck, beamer three series, lock, stock and two fat fucks backing him up Can't convey enough of his desire for the paper stuff In a blunt fashion Billy's angry with a passion So please just accept it ain't happening

Get hold of this bird after pub closing hours
Would your girl like this?
No don't think so somehow, in the winter showers
But she'll never know and your face will never show shit
This is how goes it and besides she was well fit

And who could resist Move up to the next place, a smooth club to flex bass beats and your best mates all down Nice sound, smirnoff ice round. MC's clowning, ruud boyz frowning Everything's sweet everything's tucked-in. And round here were all downing. But all of a sudden though, just through the smoke, is your bird laughing and joking with a bloke? Ain't just that either, as she moves closer, Miss-shape what looks like their lover - he's tonguing her. All rage sweeps up through your torso, your moreso ready to go over and show him whos man Football fan style Leave it in the can for a while, cos even as they smile you still got choices Don't listen to them voices And at the end of the day you may just have caused this So leave the forces
