

# The Sugarcubes, Motorcrash (Justin Robertson M

Bjrk  
Riding on my bicycle  
I saw a motorcrash  
A proper motorcrash  
Lots of spectators  
I rushed to the center  
Saw the injured parents  
Cuts on the children  
An awful motorcrash  
So dangerous motorcrash  
So terribly bloody  
Motorcrash  
Destructive motorcrash  
I took the mother  
Sneaked with her secretly  
All the way to my home  
And nursed her gently  
I put on her bandages, gave her  
Milk and biscuits  
She sighed pleasantly after this  
Awful motorcrash  
So dangerous, dangerous  
Motorcrash  
Motrocrash  
Destructive motorcrash

Einar  
That girl on that bicycle  
Showed great interest  
In all the motorcrashes in the neighbourhood  
She look quite innocent

Bjrk  
Then we disguised ourselves  
Took a taxi to her home  
When her husband answered the door  
She introduced herself  
He said "Where have you been all this time?"

Einar  
Believe you-me  
I know what innocent looks like  
She showed great interest  
After she got that bicycle
