

The Supremes, Never Again

(Berry Gordy, Jr.)

You told me that you love me
You said we'd never part
You took all my love
Then you broke my heart

Never again
Never again will I fall in love

I did everything you wanted me to
'Cause I thought your love was true
But I was blind
And I couldn't see
Why did you do this to me

But I still love you
And I always will
I still thrill to your kiss
But I'll never come back to you
Lying over this

Never again
Will I fall in love
Never again
Never again
