

The Swellers, Travis Valentine's Day

Gotta love this place
Life, liberty, and the pursuit of
No more money left to chase those dreams
Gave it all up for love
Fuck the pharmaceutical companies
How can you not afford to be happy?
Hey Travis, chill out
You are a man now
You're doing just fine
You found your true love
And when it gets tough
You're still Valentines
It's so good to see you
But depression makes it hard to smile
Baby, I'm sorry
I'll feel better maybe, in a little while
I still promise I love you
And you know that, it's why I'm still alive
