

The Temper Trap, Need Your Love

The road is pulling me into an open where
And for a moment i escape and i forget
The silhouettes behind the dust clouds call me friend
But even fools know here they're far a few between
She has abandoned me oh highway and desert blades
All lonely creatures singing for he summer rain
And at the end of all your knees fall down to me
Yeah, it's something in you always just for someone real

Oh, I need your love, I need your love,
I need you now, I need you
Oh, I need your love, I need your love,
I need you now, I need you

She is my salvation in the dark
But at night with lips of honey calls the devil's heart
And i am a war of flesh and heart that's left undone
Between the person that i was and have become

Oh, I need your love, I need your love,
I need you now, I need you
Oh, I need your love, I need your love,
I need you now, I need you
I need your love, now

Oh, I need your love, I need your love,
I need you now, I need you
Oh, I need your love, I need your love,
I need you now, I need you

There's no resting now
There's no resting in my heart x2
