

The Tragically Hip, Toronto Number 4

Did you know you were the rock plug for
all of us
did you know in the conduit of Vesuvius
You were far more unifying than you know
Im not a judge of suitable
but, you almost had it all.
now youll have to tell me when
tell me when its imminent
so you wont have to rise and fall alone
or endure the wonder of survival
the wipe-out loss
the elation of free fall
the rock bottom
the sweet betrayal
alone.
alone
alone
alone
hello
