

# The Twilight Singers, Wicked

this world is wicked  
i fit right in  
we've been waiting for you, boy  
where you been?  
i don't need no one to love me  
i don't need no one to fetch my water  
come on get your money, child  
it's a fine, fine day  
i don't love you anymore  
bay bay  
snap my crooked fingers  
and you blow away  
say you want someone to love you  
say you want a fleeting memory  
come a little closer, things  
ain't what they seem  
to be  
believe  
what you see  
nothing else  
even dreams  
i can't breathe  
i can't see  
i feel love  
this world is wicked  
it's beautiful  
you better play both sides  
or they'll think you  
an animal  
come and get your money, baby  
come and get your one time, one time  
come and get your lovin, girl  
it's a fine, fine day
