

# The Twins, Deep withing my heart

I regard myself with deep suspicion  
I feel my beating heart, feels no contrition  
Guil is a dirty word that no one likes to hear  
But nothing can hope to tread  
Where even angels fear.

I've feeling deep withing my heart  
There's no feeling deep withing my heart  
It's an act in keeping with my part  
There's no feeling deep withing my heart.

I believe I see whatever I believe  
The greatest power of mind is the power to deceive  
Love is dirty word if you'r not in love  
Heaven is meaningless if there's nothing up above.

I've feeling...

I know I said I need you  
and that my heart was dying  
I should have told you then  
that I was lying.

I've feeling...
