

# THE VAMPS, Dangerous

So wake me up 'cause I've been asleep for days I can't get up  
Oh oh ooh ooh oh oh  
The way back when we used fall hard in love  
Don't mess it up  
Oooh oh ooh ooh oh oh  
This ain't the end of us,  
Darling let me show you I am good enough  
Maybe in the end I should've toughen up, not self-destruct  
But I see her again  
Mary she's dangerous  
If I knew, but I just can't get enough  
I'm struck, she's gonna tear me up  
Million voices telling me to never give you up,  
Should've listen but I'm addicted to this LOVE  
This is dangerous for me

I must confess I'm feeling guilty  
My conscience is heavy, I'm a wreck  
Oooh oh ohoh oh oh  
This ain't the end of us,  
Darling let me show you I'm not giving up  
I try to tell myself that I can toughen up, not self-destruct  
But I'll see again  
Mary she's dangerous  
If I knew, but I just can't get enough  
I'm struck, she's gonna tear me up  
Million voices telling me to never give you up,  
Should've listen but I'm addicted to this love,  
This is dangerous for me

Even though I say I'm sorry,  
I don't still go back  
I'll wait to her, back to her

This ain't the end of us,  
Darling let me show you I am good enough  
Maybe in the end I should've toughen up

Mary she's dangerous  
If I knew, but I just can't get enough  
I'm struck, she's gonna tear me up  
Million voices telling me to never give you up,  
Should've listen but I'm addicted to this love  
This is dangerous for me
