

# The W's, 101

One more cup to make it through  
Three more hours to go till the paper's due  
One more page is all I need  
Eyes so red I think they're gonna bleed  
Quarter past 5 take it on back to my house  
I feel fine

101

I gotta say this is not much fun  
I used to think that I was wrong  
Found out I was right  
All along

Ride my bike through the rain  
Was my studying, all in vain?  
I turn my work in on time  
Professor Brown said I did just fine  
Quarter past 3 take it on back to my house  
I did fine

I gotta say this is not much fun  
I used to think that I was wrong  
Found out I was right  
All along
