[Verse 1: The Weeknd]

The reasons I can't have you, are so easy to fix  
I didn't really plan to, but I'ma do it for thi-i-is  
The reasons I can't have you, isn't so complicated  
Baby, if you let me, I won't hesita-a-ate

[Chorus: The Weeknd]

All I know, all I know is this  
All I know, all I know is this  
All I know, all I know, all I know, all I know is this  
All I know, all I know, all I know, all I know is this  
(Yeah, yeah, yeah, yeah)

[Verse 2: The Weeknd]

I know there's been stigma 'round me  
I know you heard things about me  
You sleep one eye closed, too scared to get heartbroke  
Heard too many lies told, don't make this shit my fault  
I could tell why you would doubt me  
I hit one time, you can't live without me  
Girl I'm just peakin', I'm just tryna be on top of you, on top of you, ooh

[Chorus: The Weeknd & Future]

All I know (All I know, all I know, all I)  
All I know is this (All I know, all I know, all I)  
All I know (All I know, all I know, all I know)  
All I know is this (All I know, all I know, all I know, all I know)  
All I know, all I know, all I know, all I know is this  
All I know, all I know, all I know, all I know is this  
Is this, is this

[Interlude: The Weeknd]

[Verse 3: Future & The Weeknd]

S-s-sleep with one eye open  
I'm terrified to get my heart broke  
Blood talkin' like a Piru  
Fuck with me, nigga, you gon' die slow (Gang)  
Lamborghini make you Crip walk (Skrrt)  
I'm smashin' off with my side ho  
Full of these medicals, bitches, got several  
She eat the dick up like it's an edible  
Then I get back to my capital  
I got the Glock on the passenger  
I got these tropical fantasies  
They gon' remember my legacy  
Hang out the roof of the Ghost  
The cash in my pocket spill right on the floor  
The cash in my pocket spill out in the floor  
When the cash overflow, let the cash overflow  
I done fucked a bitch that bougie (Yeah)  
Have you ever, ever fucked a bitch that bougie? (Oh-ooh-ooh)  
I done fucked a bitch that bougie  
I done, I done, I done fucked a bitch that bougie (Oh, ooh)

I done fucked a bitch conceited  
I done fucked a few, few bitches conceited (Oh, yeah)  
We just wanna say we did it  
We just wanna say we did it (They say)  
I know like you know  
I keep that trigger beside me (Keep that trigg')  
I know like you know  
You just another body (Oh)  
I know like you know  
I keep that trigger beside me (Keep that trigg') (Oh, oh)  
I know like you know  
You just another body (Just another body)  
Have you fucked a bitch this pretty?  
Hit her on the first night and went and bought titties  
Have you fucked a bitch this pretty?  
Hit her on the first night and went and bought titties (Bought what?)  
Niggas always sneak dissin'  
We gon' continue fuckin' they bitches  
I ain't just fucking that bitch  
I been the one makin' love to that bitch

[Chorus: Future]
