The Weeknd x Swedish House Mafia, Moth to a f

Like a Moth to a Flame I will pull you in I will pull you back to What you need initially

It's just opnce call away And you will leave him You're loyal to me But thi time i will let you be

Cause he seems like he's good ffor you And he makes you feel like you should And all your friends say: HE"S THE ONE! His love for you is true

But does he know you call me when he sleeps? Or does he know the pictures that you keep? Or dows he know the reason that you cry? Or tell me, Does he kow where your heart lies? Where it truly lies?

Yes, You should be with him I let you go from time You should stay wuth him

Cause he seems like he's good ffor you And he makes you feel like you should And all your friends say: HE"S THE ONE! His love for you is true

But does he know you call me when he sleeps? Or does he know the pictures that you keep? Or dows he know the reason that you cry? Or tell me, Does he kow where your heart lies? Where it truly lies?

Right here with me, baby Where it truly lies My baby, where it truly lies Give me all of if Where it truly lies Where it truly lies Where it truly lies Where it truly lies
