

The White Stripes, Party Of Special Things To Do

When the stiff wind blows, the flag don't wiggle,
In the party of special things to do.
I met the ace of love,
She took me to her plantation for the love without separation,
In the party of special things to do.
It could happen to me, it could happen to you.
I met the ace of love,
She said "I want you to go to the party of special things to do,
And when you're through, I'll be right here waiting for you."
Here, take these sparks,
So my distant cousins can get along with you.
Watch out for the mirror man and Elixir Sue.
When I got to the party of special things to do,
It wasn't hard to find Elixir Sue.
I met all the cards, the wild cards, the one-eye Jill, the red queen.
She turned her head, you know what I mean,
She turned it back and said,
"I got a brand new game I want to lay on you."
I met them all at the party of special things to do.
When I was done, I was far from through,
I returned to the ace of love, now wouldn't you?
I met them all.
The camel wore a nightie, the camel wore a nightie,
At the party of special things to do.
Elixir Sue.
It wasn't hard to find liquor at the do.
I met all the cards, the wild cards, you know what I mean.
Then she turned it back and said,
"I got a brand new game I think I want to lay on you."
I met Elixir Sue at the party of special things to do.
It's so special.
