## The Who, Music Must Change

Deep in the back of my mind is an unrealized sound Every feeling I get from the street says it soon could be found When I hear the cold lies of the pusher, I know it exists It's confirmed in the eyes of the kids, emphasized with their fists

But the high has to rise from the low Like volcanoes explode through the snow The mosquito's sting brings a dream But the poison's derange

The music must change
For we're chewing a bone
We soared like the sparrow hawk flied
Then we dropped like a stone
Like the tide and the waves
Growing slowly in range
Crushing mountains as old as the Earth
So the music must change

Sometimes at night, I wake up and my body's like ice The sound of the running wild stallion, the noise of the mice And I wondered if then I could hear into all of your dreams I realize now it was really the sound of your screams

But death always leads into life But the street fighter swallows the knife Am I so crazy to feel that it's here prearranged?

The music must change
It's gets higher and higher
Smouldering like leaves in the 1
Then it bursts into fire
Its rhythm grows strong
It's so new and so strange
Like bells in the clouds, then again
The music must change

But is this song so different? Am I doing it all again? It may have been done before But then music's an open door

Deep in the back of my is an unrealized sound Every feeling I get from the street says it soon could be found When I hear the cold lies of the pusher, I know it exists It's confirmed in the eyes of the kids, emphasized with their fists

But the high has to rise from the low Like volcanoes explode through the snow The mosquito's sting brings a dream But the poison's derange

The music must change
For we're chewing a bone
We soared like the sparrow hawk flied
Then we dropped like a stone
Like the tide and the waves
Growing slowly in range
Crushing mountains as old as the Earth
So the music must change
