

Therapy?, Gimme Therapy

You're a maximum slave to the minimum wage
And two dollar highs in your holes used to be your face
Dropped dead pleading a peak, a never ending losing streak
And give my head peace and gimme therapy

You're a maximum slave to the minimum wage
And what's left of your soul comes streaming down your face
You dropped dead pleading a peak on a never ending losing streak
And give my head peace and gimme therapy

Dropped dead, you've pleaded a peak, never ending losing streak
And give my head peace, gimme therapy

Gimme therapy
Gimme therapy
