

# Therapy?, Nice Guys

Welcome to my world, now close the door behind you  
You look like someone I once liked and left again  
I got a little something for ya  
Do it here, I like to watch you when you lose your way

I'm a nice guy, trust me, I'm a nice guy  
I'm a nice guy, a really nice guy  
I'm a nice guy, trust me, I'm a nice guy  
I'm a nice guy, a really nice guy

Where do you think I've been? I just got out of bed  
Would I lie to you? You're beautiful when you worry  
Sometimes I've got to stay out all night  
It's just a hazard of my own life

I'm a nice guy, trust me, I'm a nice guy  
I'm a nice guy, a really nice guy  
I'm a nice guy, trust me, I'm a nice guy  
I'm a nice guy, a really nice guy

You took this girl in desperation, you took this girl in desperation  
You took this girl in desperation, you took this girl in desperation  
Nice guy (You took this girl in desperation)  
Trust me, I'm a nice guy (You took this girl in desperation)  
Nice guy (You took this girl in desperation)  
A really really nice guy (You took this girl in desperation)

Hey baby, you know  
Woah
