

# Therion, The Khlysti Evangelist

(Rosyjska wstawka)

Rasputin, the Black Munk's

Coming like a new born

In Sibiria you saw the Black Munk preach

Russian Gnostic words of hidden wisdom

See the mystery in the ecstatic eyes

Hear a song as sinful as the moon

Rasputin, your fever

Will infect the women

Feel the ecstasy when he inverts the world

Secret Gnostic rites of Khlysti Gospel

Follow Rasputin in the enchanted dance

Feel a heat as ardent as the snow
