

They Might Be Giants, No Plan B

The plan was the beach
There was no Plan B
And now we are on our own again

The plan was the beach
There was no Plan B
And now we are all alone

The plan was the beach
There was no Plan B
And now we are on our own again

The plan was the beach
There was no plan B
And now we are all alone

The plan was the beach
There was no Plan B!
