## Thicke, Brand New Jones

Some like to keep heat on Some never hot enough See I sleep with nothing on Cuz I'm always burnin up But we all wanna try To see each other's side And I'll try Til she takes my pillow

mmm
She'll say I'm lucky
She'll say I'm the man
We'll talk on for hours
As long as I understand
I'd go on without her
see see
but everyday
ain't the same
ain't the same
I feel like a puppy
when I get time to play

I've got a brand new jones And nobody even knows When my baby is gone It's my thang, my thang Sometimes I can't let go So I've got to be alone When my baby is gone It's my thang, my thang alone

Some like a sweet romance and some wanna travel far but I like a three point stance and I hate to drive my car But I'd go round the world Just to please my girl and I'll fly if she takes my pillow

Ooh
She'll say I'm lucky
Then say I'm the man
We'll talk on for hours
As long as I understand
I'd go on without her
but everyday
I feel like a puppy
when I get time to play

I've got a brand new jones
And nobody even knows
When my baby is gone
It's my thang, yeah, my thang
Sometimes I can't let go
So I've got to be alone
When my baby is gone
It's my thang my thang alone

So why don't I just save time and reveal now Cuz sooner or later she'll know the deal

She'll wonder why the bed jumps so high when she sleeps at night oh yeah yeah

oooh
Tells me I'm lucky
Then say I'm the man
We'll talk on for hours
As long as I understand
I'd go on without it
see see
but everyday
I.. no...
ain't the same
ain't the same
I feel like a puppy
When I get time to play

I've got a brand new jones
And nobody even knows
When my baby is gone
It's my thang, my thang
Sometimes I can't let go
So I've got to be alone
When my baby is gone
It's my thang my thang alone

I've got this brand new jones Leave me on my own Love love baby you know it

I've got this brand new jones Leave me on my own Love love baby you know it
