

Third Day, Mama

Hey mama, take a look at me now
things are going fine here in the big town.
hey mama, if you could only see
all of my friends and how they love me.

Chorus:

and i know you say i need Jesus
mama can't you see i'm doing fine
and i know you say i need Jesus
But mama i ain't got the time. no, no

Hey mama, it's been two long years
since i have seen you - how i need you here
hey mama, things they aren't the same
since i last wrote you - yea things
have changed

And i know you say i need Jesus
mama can't you see i'm doing fine
and i know you say i need Jesus
but mama i ain't got the time. no, no

well everything's going wrong
no, i can't take it no more (repeat)
I need Jesus, forgive me
Come into my life. Come into my hear.
Precious Jesus

And i know you say i need Jesus
Mama can't you see i'm doing fine
and i know you say i need Jesus
but mama i ain't got the time. no, no
