

Thunder, Don't Wanna Talk About Love

I don't wanna talk about love....

Here in my head I should be moving on
But in my heart it's a different story, it's another song
Shackled and tied like a dog out in the cold
I fight it as hard as I can but I've got no control

I know you feel for me but all I feel is pain
I really wanna tel you but how can I explain?

When I don't wanna talk about love, oh no, oh no
I don't wanna talk about love
Everybody's talking 'bout it too much

I know there's no sense in dwelling on the past
But wiht my hand on my heart I can't tell you how long it's gonna last
They say it's good to talk but I have to dissagree
Te more I keep it in the more it sets me free

Cos I don't wanna talk about love, oh no, oh no
I don't wanna talk bout love

I can feel her twisting, crawling under my skin
I gota get the poison out so I can breathe again

I know you feel for me but all I feel is pain
I really wanna tel you but how can I explain?

When I don't wanna talk about love, oh no, oh no
I don't wanna talk about love
When I don't wanna talk about love, oh no, oh no
I don't wanna talk about love
Everybody's talking 'bout it too much
