

# Tiffany Evans, Promise Ring (Featuring Ciara)

[Intro]

To the b to the b to the b cuz I need  
Everybody to the floor (why?)  
Cuz this beat is sick (yeah?)  
It's time to rock (uh)  
That's what it is  
Tiffany's her name  
Love is the game  
And the only way to play  
Is with this promise ring

[Verse 1]

Sometimes a girl needs to know that she's  
Appreciated for all the things she does  
With some sorta token of love  
Cuz without it her young heart won't know (heart won't know)  
And right then to my surprise (he)  
Pulled out a small velour box  
Pink ribbon tied  
I'm wondering what's inside  
He opened it and then he replied

[Pre-Chorus]

He said I promise not to hurt you  
I promise not to lie  
I promise to befriend you and defend you with my life  
I promise you forever  
I promise you today (He said)  
Would you wear my promise ring ( I said yes)

[Chorus]

If ya break ya promise we breakin up  
Got a couple things that I want  
Walks in the park and sweet things  
If I rock your promise ring  
I could be pretty young thing  
You could become my king  
I gotta know you got me  
Yes, I'll rock your promise ring  
Yes, I'll rock your promise, promise, promise ring  
Yes, I'll rock your promise  
Yes, I'll rock your promise ring  
Yes, I'll rock your promise, promise, promise ring  
Yes, I'll rock your promise  
Yes, I'll rock your promise ring

[Verse 2]

How in the world could a girl say no  
I knew it the moment he made my finger glow  
It was good to know I'm who he chose  
It was your heart he felt now it shows (now it shows)  
U know when u see me floss  
No way it's gon get lost  
I'll never take this off  
I'm older and they call me by your name  
I'll wear it on a chain  
Because I can hear you say

[Pre-Chorus]

[Chorus]

[Bridge]

Everybody get up  
And rock to this beat  
My name is Tiffany  
And y'all know me  
All my girls with me  
All the boys like me  
Come correctly  
With The Promise Ring

And u just might be my boo, my boo  
Pro-mise that you'll ne-ver let me go and boy I'll  
Boy I'll wear your promise ring  
All you have to do is say the word and boy I'll  
Boy I'll wear your promise ring  
Just let me know  
What I gotta do  
Just let me know  
You ain't goin nowhere  
I ain't goin nowhere  
I'll be on for sho but you gotta know that  
[Chorus]
