I keep goin', I keep goin', I keep goin' up

How you been young lady?  
Does the feeling still drive you crazy?  
How you been young lady?  
Does the feeling ...fika fika

I've been working on my gains, lately  
I've been loving myself on the, daily  
Had to cut some people off, they were draining  
I'm no longer settling, I'm upgrading, aye aye aye

My new life's much better than the old one  
I look around, you're not around  
Now I laugh and remember I was broken  
I look around, you're not around

I keep goin', I keep goin', I keep goin' up  
I keep goin', I keep goin', I keep goin' up

I've been adding commas on my new statements  
Yeah, I've been on new energy it's contagious  
I could try to hide it, but can't contain it  
This life keeps going up, and I can't explain it (Aye, what you say, JT?)  
I'm a top notch dresser, one-two stepper  
Still got the belt, don't buckle under pressure  
Champ and still reigning  
No, I ain't gotta tell you, you heard him saying it  
But just in case ya'll forgot, you know who you playing with, aah-oooh

My new life's much better than the old one  
You look around, I'm still around  
Now I laugh and remember I was broken  
You look around, I'll be around

I keep goin', I keep goin', I keep goin' up (I keep goin' up, yeah)  
I keep goin', I keep goin', I keep goin' up (Been going up, up)  
I keep goin', I keep goin', I keep goin' up (I keep goin' up, yeah; We keep going up)  
I keep goin', I keep goin', I keep goin' up (Long gone now, long gone now)

I feel some kind of way, I'm going up  
I feel some kind of way (Tell me what you feeling, baby)

I feel some kind of way, I'm going up  
And it feels some kind of way (We up)
