Tina Turner, Great Spirits

[From Brother Bear Movie Soundtrack]

When the earth was young And the air was sweet And the mountains kissed the sky In the great beyond, with its many paths Man and nature lived side by side

In this wilderness of danger and beauty Lived three brothers, bonded by love Their hearts full of joy They ask now for guidance Reaching out to the skies up above

Great Spirits of all who lived before Take our hands and lead us Fill our hearts and souls With all you know Show us that in your eyes We are all the same Brothers to each other In this world we remain truly Brothers all the same

Give us wisdom to pass to each other Give us strength so we understand That the things we do The choices we make Give direction to all life's plans

To look in wonder At all we've been given In a world that's not always as it seems Every corner we turn Only leads to another A journey ends, but another begins

Great Spirits of all who lived before Take our hands and lead us Fill our hearts and souls With all you know Show us that in your eyes We are all the same Brothers to each other In this world we remain truly Brothers all the same
